Welcome to Redpath Diagnostics – Your Trusted Pathology & Diagnostic Partner

At Redpath Diagnostics, we believe accurate, timely, and accessible diagnostics are the foundation of good health. We're more than just a lab — we're your health partner. From routine blood tests to advanced genetic screening, we combine cutting-edge technology with a patient-first philosophy. Whether you're seeking a routine wellness check or specialized diagnostic services, we make it easy, reliable, and stress-free. Redpath+1

Why Redpath Diagnostics Stands Out

✅ Precision You Can Trust

Our lab leverages the latest diagnostic technology and follows stringent quality control procedures to ensure every result is accurate and dependable. We prioritize precision because we know health decisions rely on it. Redpath+1

🧪 Comprehensive Services Under One Roof

Redpath offers a wide suite of diagnostic services — from basic blood tests and routine health panels to specialized testing like allergy screening, fertility assessments, NIPT (Non-Invasive Prenatal Testing), FNAC, and even whole-genome sequencing. This breadth ensures that we can meet diverse health needs — routine or complex. Redpath+1

🏠 Convenience at Your Fingertips

We understand that life is busy. That's why we provide convenient home sample collection services, so you don't have to travel for routine tests. This makes getting your lab work done safer, easier, and more convenient — especially for individuals with mobility or scheduling constraints. Redpath+1

👨‍⚕️ Expert Team & Patient-Centric Care

Our team of certified pathologists, skilled technicians, and support staff bring a wealth of experience across diagnostic science and patient care. We treat each patient with respect, empathy, and professionalism — ensuring a smooth and comfortable experience from booking to results. Redpath+1

Our Services — What We Offer

At Redpath Diagnostics, we provide a full spectrum of diagnostic services designed to cater to all health needs:

• Routine Health Panels & Blood Tests

- Complete Blood Count (CBC)
- Blood sugar / glucose tests (Diabetes screening)
- Lipid profile / cholesterol testing
- Thyroid function tests
- Liver and kidney function tests
- Iron and mineral levels
- General health markers for wellness checkups Redpath+1

• Specialized & Advanced Diagnostics

- Allergy & immunology testing (allergy panels)
- Hormone & metabolic profiles
- Fertility & reproductive tests (Fertility assessment, Semen testing, Antenatal screening)
- Prenatal screening including NIPT
- Pathology services like FNAC / biopsy / cytology
- Genomic testing / whole-genome sequencing (where available) Redpath+1

• Wellness & Preventive Health Packages

We offer full-body and general health check-ups — ideal for early disease detection, monitoring chronic conditions, or maintaining overall wellness. Our packages are tailored for individuals, families, and senior citizens alike. Redpath+1

• Digital Convenience & Quick Turnaround

Results are delivered digitally, usually within 24–48 hours for most routine tests. Fast, efficient, and reliable — because we know timely results make a difference. Redpath+1

Our Mission & Vision

At Redpath Diagnostics, our mission is simple: to empower individuals and healthcare providers with accurate, timely, and affordable diagnostic solutions. We envision a future where comprehensive diagnostics are easily accessible to everyone — regardless of where they live or how busy their lives are. Redpath+1

We are committed to using technology responsibly, upholding the highest standards of quality, and continually expanding our services to meet evolving health needs. Our goal is to serve communities with integrity, precision, and compassion.

What Makes Us Different

Feature	Benefit to You
State-of-the-art diagnostic equipment & quality control	Results you can rely on for healthcare decisions
Broad range of services (from basic to advanced)	Get all your health needs met in one place
Home sample collection	Convenience — no travel needed
Digital reporting & fast turnaround	Receive your results quickly and securely
Skilled, patient-focused team	Comfortable, professional, and empathetic service
Affordable & accessible health packages	Preventive care within reach

Patient Experience — How It Works

1. **Book a test** — Use our website or call us directly to schedule your test, choose a home visit or visit the centre.

2. **Sample collection** — Our trained phlebotomists will visit your home (for home-collection clients) or welcome you at our lab centre. All procedures follow strict hygiene and safety protocols. Redpath+1

3. **Lab processing** — Samples are processed using advanced diagnostic equipment and quality-controlled procedures to ensure accuracy.

4. **Results delivered digitally** — You receive your report via email or through our online platform, usually within 24–48 hours.

5. **Consultation & follow-up** — You may consult your doctor or contact us for further guidance or additional testing if required.

Our Commitment to Quality & Safety

Redpath Diagnostics strictly adheres to national and international standards of laboratory practice. We conduct regular internal and external quality audits to ensure consistency and reliability in every test we perform. Patient safety, data privacy, and ethical practices are at the core of our operations. Redpath+1

We also embrace a transparent, digital-first approach — from booking to reporting — to make interactions smooth, clear, and efficient for every client. Redpath+1

Get Started — Your Health, Our Priority

Whether you need a simple blood test, a full wellness screening, or advanced diagnostics, Redpath Diagnostics is here for you. Experience diagnostics done right — with precision, compassion, and convenience.

Contact us today to book a test, schedule a home collection, or learn more about our services. Because your health matters.

Redpath Diagnostics — Accuracy. Accessibility. Assurance.
